Release Dates Family Version Download MCC DSP products 30 November 2019 5Kva-10kva (HV, I) V170 V140 GXT5 (5-10k) (HV, I) 2019-11-30.ZIP release notes: updated the default setting of the factory For the compensation of the battery charge temperature [compensation of the time] to be disabled to enable. SPS provides log events, notifying users of events and protecting the system to stop grace. Improved battery aging calculations by setting the initial execution time of the default battery 0 days after the complete charge in the factory. Download Software and Documentation of Shutdown Client for Remote Server on Local Area Network if a central UPS system is used to provide energy to different computers, data protection for all connected devices must be guaranteed in the event of UPS exposure to critical conditions. Like the almost total battery discharge during a prolonged power cut. Download software and documentation Network Adapter for remote monitoring of UPS UPS Series Netys RT series The RT Vision Network Adapter allows the direct connection of UPS models in the Ntys RT series to the Ethernet network, thus allowing the remote management of the UPS ä € "With protected access ä €" using a web browser; a Telnet interface or an NMS application via SNMP protocol. Added to the RDU101 interface the report of the UPS alarm [Battery Not Qualified]. February 22, 2019 5Kva-10kva (MV) V140 V140 GXT5 (5-10k) (MV) 2019-02-22.ZIP release notes: the initial release 5kva-10kva (MV) Brands Albertm Avocent@ and ä GEISITTM Liebert@ NETSURETM NMC is a type of SNMP manager (Simple Network Management Protocol) to communicate UPS via Ethernet, provides access information and send commands for UPS. Added to the capacity of the command line interface to configure the network rdu101. last update date: September.24.2021 last update: Nov.2.20 last update date: 9.2018 user manual network-us-en.pdf card last update date: Nov.2.20 nmc quick installation guide.pdf update date: Jul.14.2020 sps (state protection software) software sps (system protection software) is a utility that communicates with nmc (network monitoring card), improved battery status and overload ocita alarm signal through hid ob protocol to windows operating systems. download network adapter software and documentation for remote monitoring of vertical power distribution units (zero-U pdu) pdu vision network adapter allows direct connection of zero-U vertical pdu systems to the ethernet network using http, dhcp, smtp and snmp v1 and v3 protocols for remote monitoring. the program provides shutdown function for different operating systems when shutdown events appear on ups. May 15, 2019 5KVA-10KVA (mv) v150 v140 GXT5(5-10K)(MV)2019-05-15.zip release notes: updated the closing and shutdown menu of the Chinese language displayed lcd. updated the rdu101 interface to remove parallel alarms for models that do not support the parallel, through nms (network management station) or web browser user can directly access ups information via ethernet, while the user can manage both ups and nmc parameters. Jan.4.2017 SPS-CUI-1.6.0.2-linux-1386.tar.gz last update: Jan.4.2017 SPS-CUI-0.2-linux-x86_64.tar.gz last update: Jan.4.2017 SPS-GUI-1.6.2-linux-1386.tar.gz enoizetorp enoizetorp id ametisS etnetu ilaunaM 7102.4.oianngp .otnemanoigga omittu atad GXT5 Updatel the command line interface to increase the access timeout from 1 minute to 3 minutes. If the old NMC would like to update the latest version of the latest version, it should flash FW 2.6.0.5 in advance. Download software and documentation Integrated Ethernet interface for statistics STATY Static transfer systems have an integrated Ethernet interface that supports HTTP, DHCP, SMTP, Modbus TCP and SNMP V1 protocols for remote monitoring. Download software shutdown and documentation clients for virtual machine infrastructure using Nutanix AHV if a UPS is used to provide energy to hosts and clusters, it can be configured to respond to critical conditions by bringing a controlled shutdown of the entire virtual infrastructure. Subscribe for software updates GXT5-5000MVRT4UXXL, GXT5-8000MVRT6UXXL, GXT5-10KMVRT6UXXL Note: each version includes all previous versions updates. Download Software & Documentation Professional Network Adapter for Monitoring and Control of UPS Drives From A Remote Position The Net Vision Network Adapter allows direct connection of a UPS to the IPv4 or IPv6 Ethernet network, thus allowing remote management of UPS - with protected access ä € "Using a Web browser, an interface e e noizacilppa'led itad i eravlas äAup .SPS noc .arusuic id unem i e esenic augnil alled otserra' otazilausiv ah DCL I otanraigga .PMNS ollocortp etimart SMN enoizacilppa nu o no sserdda pi citats a tes ot ytilaib ecafretni enil dnamoc eht dedda .segnahc yrettab lanretxe fo remun eht fi tcted ot egasem noitacifiton pu -pop dcda) s'vitrev rof troppus dedda .llew sa nwoadtuhs metSys Erofb
